AV entries for the next comp. T = Theme.**

Chelmsford Camera Club takes part in many inter-club competitions, organises occasional days out and prides itself on providing members with a first-class, entertaining and informative programme of high-quality speakers, from which everyone, beginners to the hobby, as well as more advanced photographers, can benefit. As well as regular weekly meetings there are monthly instructional, interactive evenings on a wide variety of topics including Photoshop image processing, portraiture, still life, image evaluation, digital audio-visual and digital printing. Thus the club aims to make the hobby interesting and enjoyable and to assist and encourage members to improve their photography.

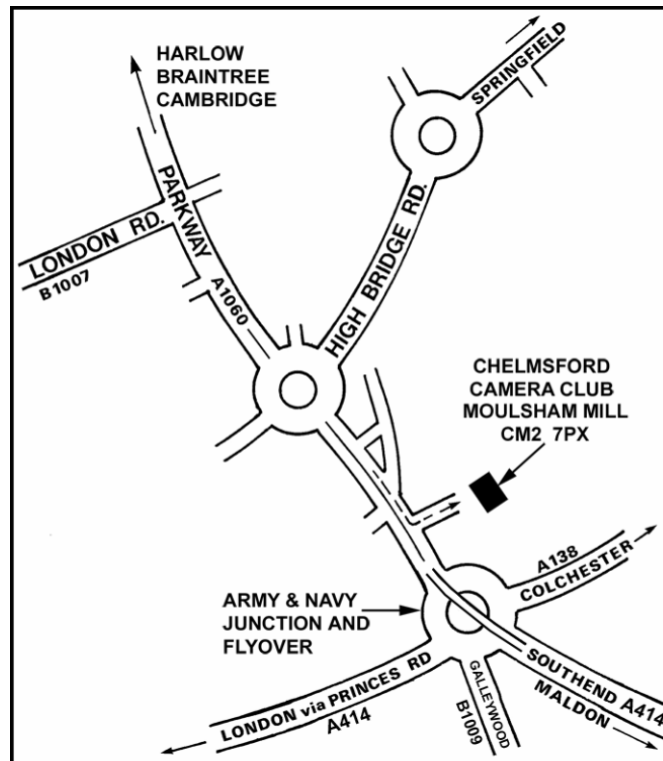

Regular competitions for monochrome and colour prints and digital images, are a means to gain critical appraisal of one's photographs anonymously, from experienced judges who have a wide appreciation of the medium. The competitions are open to all **paid-up members**, and copies of the rules are available on the website. Beginners to photography compete at Entry Level, before moving up to Advanced Level.

Thursday Practical meetings are held at the Bell Centre, Bell St., Great Baddow starting at 7.45 pm.
